At Eastbury Primary School we offer a broad and balanced curriculum and have high expectations for all children. Eastbury Primary School is committed to providing an appropriate and high quality education to all the children who attend. The school has an Additionally Resourced Provision for pupils with Hearing difficulties. We believe that educational inclusion is about equal opportunities for all learners whatever their age, gender, ethnicity, need, disability, attainment or background. We pay particular attention to the provision for and achievement of different groups of learners. The achievements, attitudes and well-being of all our children matter.

When children enter school with specific disabilities, the school contacts the LA professionals for assessments, support and guidance for the school and parents. The school has access to a wide range of outside agency support and advice for both our mainstream and specialist provision children. We also have a number of children who have asthma and all staff are aware of these children. Inhalers are kept in the first aid room and a record of use is noted. Some children have allergies or food intolerances/cultural food choices and records are kept and shared to ensure their needs are met. All medical information is collated and available to staff, Alert Notices are available in a file in the staffroom and close links are kept with parents to ensure these needs are accurate and that, where necessary, Care Plans are in place. Risk Assessments are also carried out for children with additional needs. We have multiple competent First Aiders who hold current First Aid certificates. Where additional training is necessary e.g. Epilepsy, BUCCAL, EPIPEN it is provided on a yearly basis. All medication is kept in a central safe and secure place which has easy access for First Aiders and staff members. Administration of Medicines consent forms are filled in by parents outlining the illness and amount and time of medication. All medication that is given is recorded.

The plan below sets out the main objectives of the school Accessibility Plan
