Succeeding together

The Government provides funding to improve provision of physical education(PE) and sport in primary schools. This funding - provided jointly by the Departments for Education, Health and Culture, Media and Sport – will be allocated to primary school head teachers. The money must be used to improve the provision of PE and school sport.

Eastbury’s vision for the benefits of Sports Premium Grant:

All pupils leaving primary school should be physically literate and with the knowledge, skills and motivation necessary to equip them for a healthy, active lifestyle and lifelong participation in physical activity and sport. At Eastbury we consider sport to be a vital element of the curriculum. We invest our sports premium grant to ensure that all children receive a full enjoyable and varied PE curriculum.

The government states that this funding must be used to make additional and sustainable improvements to the quality of PE and sport they offer.

This means that we should use the premium to:

- Develop or add to the PE and sport activities that our school already offer.
- Make improvements now that will benefit pupils joining the school in future years.

Our core values of respect, responsibility and resilience permeate all we do at Eastbury. The children demonstrate respect for each other by developing sportsmanship, taking responsibility for their own health and well-being and showing resilience in their sporting prowess.
