Course Details:

Many parents/carers want to support their KS2 children with their Math home-study. But with all the new methods used in schools they find it challenging.

If this is the case then this online course is for you!

This course will help you to:

- Understand how Math is taught in schools
- Identify your own numeracy needs, increase your own understanding of Math and develop your own skills
- Learn about the topics taught at KS2 (children aged 7-11)
- Increase your confidence and help you to support your child with their numeracy development
